Musical taste*

People's **taste in** music is different. I like **pop music**, my brother likes **folk music** [music written and played in a traditional style], and my dad prefers **classical music**.

My brother and I like going to concerts to see groups **perform** [play] live [in front of a large group of people, called an **audience**; pronounced to rhyme with *five*]. My dad just listens to music at home; he isn't interested in **live performances**.

When I listen to music I am mostly interested in the **tune** [the musical notes], but my brother is more interested in the **lyrics** [the words of a song].

Making an album

When groups **record** an **album** [put eight or ten songs into one collection] or a **single** [one song], they do it in a **recording studio**. Then, when the album **comes out** [is available for people to buy], it is usually **advertised** in the media [there are **adverts** on TV, online etc.]. Many people **download** their favourite **tracks** [individual songs from an album] or albums from the Internet.
